SEND POLICY

To be reviewed annually – Sept 2024

Diss High School SEN/D POLICY

This policy is designed to set out Diss High School's Aims and Objectives based on the Code of Practice (2014).

PART 1 : INTRODUCTION

1.1 Philosophy

All members of staff, in conjunction with the Governing Body, have a responsibility to ensure that every student has an equal opportunity to attain their maximum potential in all aspects of the curriculum. Students are entitled to a broad and balanced curriculum, (incorporating personalised provision), and their relative progress will be recorded, valued and reviewed.

1.2 Definition of Special Educational Needs and Disability (SEN/D):

Students have special educational needs if they have a difficulty accessing the curriculum temporary or more long-term, which calls for special educational provision to be made for them.

Students have difficulty accessing the curriculum if they:

- o Have significant difficulties in learning in comparison with the majority of children of the same age.
- o Have a disability, which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age.

Students who experience difficulty in accessing the curriculum may also have a particular gift or talent. They are encouraged to access extra curricular activities to further enhance their learning.

Special Educational Provision may be triggered when students fail to achieve adequate progress, despite having had access to a differentiated programme. Parents* and staff will be informed that the child has special educational needs and appropriate provision identified to meet the student's individual need(s) will be made.

*Throughout this policy, parents should be taken to include all those with parental responsibility, including corporate parents and carers. See 'definition of disability' at end of this policy.

Lack of adequate progress may be indicated by:

- o Little or no progress despite the use of high quality teaching approaches and a scaffolded curriculum.
- o Working at levels significantly below age expectations, particularly in Literacy or Numeracy.
- o Presenting persistent emotional and/or behavioural difficulties, which have not been managed by appropriate strategies usually employed.
- o Sensory or physical impairments that result in little progress despite the provision of appropriate aids or equipment.
- o Poor communication or interaction, requiring specific interactions and adaptations to access learning.

1.3 Curriculum Support (Provision) is achieved by:

1. Identifying and assessing individual student's needs.
2. Reporting of students' needs to all members of school staff.
3. Providing an appropriate curriculum, taking into account:
 - o Examinational syllabuses
 - o Continuity and progression
 - o Departmental development plans
4. Delivering an appropriate curriculum, taking into account:
 - Suitable teaching materials
 - o Effective, differentiated teaching strategies
 - o A supportive learning environment
 - o Encouraging a positive self-image
5. Providing learning support through:
 - o Curriculum development
 - o Support teaching
 - o Bespoke training
 - o INSET
6. Using outside agencies where necessary and appropriate.
7. Monitoring individual progress and making revisions where necessary.
8. Ensuring that parents/carers understand the process and involving them in the support of their child's learning.
9. Encouraging students with SEN/D to actively participate in all decision making processes and contributing to the assessment of their needs, meetings and transition process.
10. Making regular reports to governors regarding SEN/D issues to raise awareness and to aid implementation of processes and procedures.
11. Teaching Assistants and teachers collaborate effectively.

Students with SEN/D are integrated and included fully into the life of the school as a whole, including its social and cultural activities.

The school believes that:

PART 3 : IDENTIFICATION, ASSESSMENT AND PROVISION

3.1 : IDENTIFICATION

The school uses the graduated response as outlined in 'The Code of Practice (2014)'. To help with this process a variety of screening procedures are used, which are then disseminated to teaching staff via the SEN/D area.

New Intake Students in Year 7

a) Primary Liaison

Feeder primary schools are visited/contacted throughout the year prior to transfer. Any student identified as having a 'learning difficulty' and who is on SEN Support or has an EHC plan referred to the SENCO. Contact is then made with the primary school.

The LA notifies school about students who are transferring with EHC plans in the spring of their Year 6. Where practicable, the SENCO attends their Annual Review to ensure a smooth transition is made. At this meeting, the SENCO becomes the Lead Professional for the child with an EHC plan. The transition co-ordinator frequently attends Year 5 and Year 6, when notified. Relevant information is disseminated to teaching staff before transfer.

b) Initial Screening

- KS2 tests of Reading, spelling, writing tests and cognitive abilities testing of Tests undertaken by the SENCO as identified

Screening in other year groups

Other screening tests are administered when required.

Individual Diagnostic Assessments

Individual diagnostic assessments are used for students who are identified in the SEN/D staff booklet. A battery of tests are available, which are regularly updated. This information is made available to members of staff via the SEND area. The SENCO is qualified to deliver educational testing and diagnostic assessments.

Staff Observation

- Members of staff consult with the SENCO if they notice students who may need specialist help during the school year. Evidence for that concern must be produced, prior to any testing and/or additional intervention being undertaken.
- The SENCO may then suggest additional diagnostic assessment to be undertaken for other professionals.

Referrals by Parents or Carers of A student's parent may express concern. Once information is gathered the process is the same as for staff referrals.

- All parental referrals are acted upon.

3.2 PROVISION

Teaching students with SEN/D is a whole school response. Central to the work of every teacher and subject is a continuous cycle of planning, teaching, assessment and evaluation that takes account of the wide range of abilities, aptitudes and interest of the students. The majority of students at Diss High School learn and progress through these differentiated arrangements.

A Graduated Response is adopted for students identified as having SEN/D. A level and type of support is provided to enable the student to achieve adequate progress. Provision is identified and managed by the SENCO but will be planned and delivered by teaching and support staff.

Statutory Assessment/Statements

If a student fails to make adequate progress and has demonstrated a significant cause for concern, the school and/or a parent/carer may decide to request that the LA undertakes a statutory assessment. This may lead to the student being provided with an EHC plan.

The SENCO is responsible, on a daily basis, for providing support and mentoring and allocates students with statements, a specified amount of support.

3.3 PUPIL PROFILE SHEETS AND REVIEWS

The strategies that will be employed for students with EHC plans are recorded in the Pupil Profile and Tracking Sheets reflecting provision that is additional to, or different from, normal differential provision. Not all students with SEN/D have a Pupil Profile, their progress is closely monitored.

The Pupil Profile is communicated to all staff who support the student's learning, and to the parents or carers and the student.

Pupil Profile Sheets are constantly reviewed and updated, but also form part of the formal review process following consultation with teaching staff and new targets identified.

3.4 CONTINUOUS MONITORING OF INDIVIDUAL PROGRESS

Monitoring of individual progress is completed rigorously by the school and individual reviews, screening tests and thorough procedures described in the School's Assessment Policy.

3.5 PROVISION OF AN APPROPRIATE CURRICULUM

Through their departmental development plans, the SEF and in conjunction with SEN statements, provision for students with SEN/D is regularly reviewed and revised.

4.6 Transfer Arrangements

All documentation about special needs included in a student's record is transferred between schools. The SENCO deals with specific enquiries.

Additional induction days are arranged as required for all students with SEN/D and vulnerability factors.

The records of students who leave at the end of Year 11 are kept and stored in school.

Documentation relevant to the last Review is forwarded to Post 16 placements.
